Weight of Inch of Rainfall. An inch of rainfall is the equivalent of 603 barrels of 45 gallons each to the acre. This amount of water weighs over one hundred and thirteen tons. Think of hauling it to the farms in wagons holding a ton each. That seemingly light air and clouds are capable of handling this enormous amount of water is one of the marvels of meteorology. One inch of rain is not such a heavy rainfall either—Farm and Fireside.

Law of Sanitation. Sanitation is a natural law. Nature will not tolerate disease and decay in her own domains. She buries the dead in her forests with leaves and vines. She cleanses impurities and overcomes pollution in her fields and streams, and she demands the same effort of men. When men fail to obey these natural laws they pay the penalty, declares the Healthologist. They suffer or die. When they do obey, no effort brings surer returns. For cleanliness means health, and health means ability, peace of mind, content and success.

HOW PEDESTRIANS ARE HURT

Habit of Holding Umbrella Down to Protect Face is Responsible for Many Accidents.

"There are a great many persons injured on windy, rainy nights because they hold their umbrellas down in order to protect their faces from the driving rain," explained a New York ambulance surgeon. "In their desire to protect themselves from the rain they place themselves in grave danger of being struck and run over by surface cars, automobiles and other vehicles."

"If you wish proof of my assertion just stand in a doorway some night where you are protected from the rain and where you are in a position to see an expanse of thoroughfare which all kinds of vehicles use. You will be surprised at the large number of persons you will notice crossing the thoroughfare with their umbrellas held down so far that it is impossible for them to see anything approaching. They seem oblivious of danger, and a spectator would suppose from their actions that there was not the remotest chance of an accident occurring."

"It is a fact that many pedestrians are injured on windy, rainy nights. With their umbrellas pulled down so that it is impossible to see ahead or to the sides, the pedestrians walk in front of vehicles and are knocked down and injured before they realize what has happened."

HAD AN EYE TO BUSINESS

Ugly Man by No Means Cast Down Over the Lawyer's Opinion as to His Looks.

He had a sample of a subscription book under his arm, but instead of asking the lawyer to look at it he said:

"As a matter of fact, my friend, am I not one of the homeliest men you ever met? Give it to me straight." "I—I think you are," replied the lawyer after a long and steady look. "Yes, I think you take the cake over any homely man I ever set eyes on!" "That's candid, and I'm much obliged. Now, one thing more, and don't deceive me in that. I have been told that I look like a hippopotamus in the face. You have seen a hippo, and now you see me. Do you find any resemblance?"

"To be frank with you, I do." "A very close resemblance?" "Very close. If you were looking at me through the bushes I should feel certain that you were an escaped hippo. Sorry to have to tell you so, but you have asked me to be frank, and—"

"That's all right, sir, all right. I thought people had lied about my looks, but I find they have told me the truth. I look like a hippo, and a hippo is the homeliest looking beast on earth. That's all, sir, and I thank you."

"But you won't go off and—commit suicide?" queried the lawyer. "Suicide? Not by a jugful! No, sir. I shall continue to live right on, but instead of canvassing for subscription books as heretofore I shall go around stopping clocks and arrange with some fellow to pay me 10 per cent commission on all repairs."—Ex.

All persons who may desire to take lessons will find it to their advantage to speak to Mr. Jackson early, for a number of periods have already been given away to city, and out of town persons.

The studios at Allen Chapel are nicely located, well appointed and are equipped with pianos that are kept in fine condition.

Special attention is given to children between the ages of seven and twelve years. The pipe organ of the church is at the service of pupils for practice, who are doing organ work.

WORDS OF APPRECIATION.

More Mothers Testify to Merits of XXth Century Hair Preparations.

Nelson, Mo., April 13, 1913. Dear Madam Dabney: I am writing you for a small order. I want you to please send by mail 3 bottles of shampoo, 3 boxes of hair grower and 2 boxes of pressing oil. I like the remedy just fine; I would not be without it for anything. I am using it on my little girl's hair; it seems to be helping it greatly.

MRS. ANNA BRUNER.

Kansas City, Mo., Jan. 20, 1913. Dear Madam Dabney: I am a mother of four girls. In trying to improve their hair I had tried several preparations, but none gave me good results until I used Madam Dabney's XXth Century Preparations. Their hair was thin, harsh and would fall out so that I dreaded to use a comb. Now their hair is growing nicely—does not fall out—has no dandruff—is soft and pretty. Three of these girls are attending Wendell Phillips School, Howard and Vine streets. Investigation will bear out my testimony. I would not be without the XXth Century Preparation in my house.

MRS. DORA HAWKINS, 2455 Woodland Ave.

A six week's treatment of Madam P. M. Dabney's XXth Century Hair Preparations sent on receipt of P. O. money order of \$1.25, or a single package of XXth Century Hair Grower, Pressing Oil or Shampoo sent for 50c. Write today to Madam P. M. Dabney's XXth Century Hair Preparations Co., 1806 E. 24th St., Kansas City, Mo., Dept. 40.

Golden Steam Dye Works

1605 EAST 18TH STREET

When sending your Clothing to be cleaned and pressed have you ever realized, and every clean minded man would shudder with disgust at the thought, that the cloth use to press your suit had just previously been used to press the suit of a man suffering from Disease, Filthy Habits, etc.—the cloth in the interim being wet and wrung out in a pail of probably dirtier water, especially so toward the end of the day's work?

OLD WAY OF PRESSING

To overcome unsanitary methods we have installed an up-to-date Sanitary Steam Press. A garment that passes through this machine is disinfected, as no germs or microbes can exist under a temperature as high as the dry steam we inject. At the same time it removes any odor, takes away the grimy appearance, raises the nap, revives the colors and imparts to the garment that freshness desired by all dressers.

NEW WAY OF PRESSING

We are Hatters, Tailors and Cleaners. No delay in getting your work. We do everything in our own shop. When you send us your work we do not have to disappoint or delay you, as our equipment is equal to anyone's. We specialize on quality and carefulness, for it pleases you it pleases us.

We have one of the best Dyeing and Tailor Shops in the city. Everything new and up-to-date. We are prepared to clean any garment, no matter how richly trimmed or flounced, without injury. We employ only expert workmen and guarantee to satisfy every customer. Soliciting an opportunity to serve you, we are yours,
